

TAVI NOIR®

*Where performance
meets luxury*

We make it our mission to continually create mini “works of art” so each pair of socks can be as unique and as beautiful as you.

At Tavi Noir, details are everything. We believe that soft premium fabrics — such as certified organic cotton and specialty custom colored and blended yarns — should always meet beautiful designs. We are a world where sophisticated strap details complement unique patterns and prints. And where the simple sock is elevated to a style statement.

HIGH WAISTED TIGHT
HEATHER GREY

TECHNICAL DIFFERENCE

Tavi Noir grip socks are lusciously soft with impeccable attention to detail and fashion sense.

SOCK FEATURES

- + Arch compression supports and comforts the mid-foot
- + Made with premium materials like certified organic cotton and specialty yarns
- + Fitted heel eliminates twisting

TRIANGLES ARE OUR FAVORITE SHAPE

Tavi's recognizable grip sole is powered with intention. There's a secret to the triangle shape that gives our grip the superior traction you need for barefoot studio classes like barre, Pilates and yoga.

SURF INSPIRATION

Surfboard traction pads feature a diamond pattern to help wet feet hold on. We mirror this superb design for superior grip and traction. It is what inspired Tavi's grip pattern and logo.

FULL COVERAGE

From toes to heel, the grips cover the whole sole to prevent slipping and give you secure footing on any surface.

EXTREME GRIP

Each triangle grip has three points of contact for long lasting performance and quality.
